### Cargo Bar, King Street Wharf

**hit** Can't make it over to France to watch the Wallabies weave their magic in the Rugby World Cup? Fortunately, there are more conveniently located options with Cargo Bar being transformed into a live site for the duration of the tournament.

**miss** Somewhat strangely, the launch of Cargo Bar as a live site came after Australia's first game in Lyon last weekend. The Wallabies thumped Japan 91-3, a result that Japan's coach, John Kirwan, politely described as "disappointing".
